Almost a year has past since Christopher was able to enter Cuba and in turn Havana and back to his true love, Felicita. Fidel is dead and the country is prime for Christopher to set up his import/export business.

First, he has to find Felicita. Has she waited for him. He knows he couldn't move on or even have sex with anyone else. Was it the same for Felicita?

First on his list is to find her, until that happens, only then can he move on with the company's plans. With the help of his best friend Brian and what turns out to be Brian's girlfriend Stacy, both working for the same company as Christopher, his search starts as soon as they touch ground back in Havana.

Following the ending of this enticing story to see just how it ends.

This Second installment from Jay Strickland will give you everything you hoped for. This fantastic love Story comes back to life full force in this book. Again, well written, and full of turns you won't expect. But isn't that what we all look for in a great book

I highly recommend this book
