EASY ORIGAMI BY JOHN MONTROLL PDF

Here is a collection of 32 simple projects for novice origami hobbyists — clearly illustrated and with easy-to-follow instructions that even beginning papercrafters can follow with success. Subjects range from an ultra-simple hat, cup, and pinwheel to the more challenging (but still unintimidating) penguin, pelican, and piano.

Also included are the figures of a swan, lantern, cicada, pigeon, fox, rabbit, and other popular origami subjects. With the successful completion of these projects, origami hobbyists will be well on their way to mastering a fascinating art that's as old as the invention of paper itself.

Good quality, simple instructional book...

By Sarah I.

Product true to picture. Good quality, simple to read paperback instructional book for origami.

This is a simple to read instructional book for paper folding/origami. The book is step by step picture instructions. I got this for my 12 year old son along with a pack of origami paper (40 Color Origami - 120 Sheets). This is simple to read and easy enough for him to understand. This will be a fun activity for us to do together and on his own.

Perfect for my Kindergartner & 2nd Grader

By Jennifer Cibor

Bought this for my 6 year old who can easily follow the instructions to create origami. He loves it! Make sure to purchase some origami paper to go with it as ours did not come with any. We also bought a plastic container to hold the papers so as not to damage them in storage (folds, tears and bends in paper make creating origami difficult and frustrating).

A Great Book for Creating Unplugged Things to Do

By Stopshere

[[VIDEOID:3dfc5282a0494d0aff7879c5d2e7859e]]I bought this origami book to use with a group of children that I volunteer with. I've been looking for projects that they can do that don't require electronics or turning on anything. The project inside this book vary in difficulty, but all of them look like they'll be fairly easy for the kids. All we need is a stack of paper, maybe some scissors and perhaps some watercolors or gel pens to decorate our final products with. Many thanks to John Montroll for creating this wonderful book.
