I didn't want this to end.

By L Wool

I left the last page feeling full of hope, excitement, love and a little sadness that the book was over. I recommend this book to anyone who has ever stood under the stars at night and wondered who is out there looking back at us. I find that after reading this book, that I am as sure as ever I am God man human. That each & every one of us are one and the same. The creator!
