“...celebrates the designer’s multidimensional creations through sketches, exclusive backstage photographs and musings from A-list Valli girls...” ~Harper’s Bazaar

“His first book is a richly illustrated look at both his creative process and the intricacy of his craft.” ~Wall Street Journal

“The first and most obvious feature of this book is its grand scale. This is most definitely not a book with which to curl up in bed with to get lulled off to sleep. No, this is an epic chronicle of a designer whose youth contradicts the formidable size of this paean to his talents. For this seasoned reader, the most telling of the segments were written by Franca Sozzani and Candy Pratts Price as these describe him in the most glowingly adoring tones...this is a coffee table book that ranks up there with the best of them and is surely a volume that is not overly encumbered by prose and explanations; Giambattista Valli is a book of fashion which speaks to those of us who embrace fashion in its many incarnations.” ~New York Journal of Books

“This stunning volume offers a behind-the-scenes glimpse into Valli’s world...” ~Front Desk New York

“This Roman-born designer opens up his back stage and his sketchbook, exposing us to his raw creative journey.” ~Society Diaries

“...A big but surprisingly light tome...the opportunity of seeing the handwork close up..gives a genuine insight into the fashion story.” ~International Herald Tribune

“...His first book brilliantly captures the complex essence of his ethereal materialism. Valli’s first volume is infused with depth, grace and soul often forgotten in a world that fetishes the new. It is ideal for those who believe design and fashion are still time-honored traditions that capture the human spirit.” ~Identity Magazine

“Rizzoli’s new monograph on the Roman fashion force, which includes artistic images that inspire him.” ~W Magazine

Gorgeous!

By Jaime Rydman

Wow! First let me say....not only is this one of the most beautiful fashion books I own, but it's HUGE and light! The paper on which it is printed as well as the binding is the lightest,sort of linen feeling paper I have ever seen. So many of Giambattista Valli's collections are represented, pictures are large and so many close-ups of the finest details! This book screams "Feminine"! From the pictures on the pages to the creation of the book, the word that comes to mind is Soft.

For any of you fashion lovers out there, this is an absolute must for your coffee table book library! LOVE!

A designer Who designs

By jeffrey felner

Giambattista Valli is lovingly devoted to a designer and his clothes; the clothes of one single designer who is visibly influenced by some of the greats and yet retains his own perspective when composing a collection. Unlike Miuccia Prada who has openly proclaimed that she no desire to make women beautiful, Mr. Valli most unequivocally does wish to make his ladies beautiful, and it is quite obvious when you see the fruits of his labors..... for the rest of the review ...
