Informative and Useful

By Anky

I am an orchid collector and have slowly accumulated them through the years.

This book informed me a lot since I am a windowsill grower, *Growing Hardy Orchids* gave me sound advice on repotting, fertilizer, water regimen and how to treat/prevent pests and diseases. Explained completely and succinctly by providing me the basics of orchid structure and life history. It also gives me culture information of species and also the latest developments of conservation and to reintroduce native endangered species orchids back into the wild.

The writers are from the world's top orchid experts and providing us with pictures and illustrations will be a great help to newbies and beginner orchid collectors/growers to continue and have fun in growing orchid plants.
