YES! Finally!

By ANJasper

Logan and Cassie lovers rejoice! This is the book you've been waiting for. Angela Graham has once again captured the essence of their love and unique chemistry in this short and sweet novella. I loved getting to catch up with everyone from Julia to Caleb to Jax.

Of course it wouldn't be a true Cassie and Logan story without a few hiccups along the way. When an unexpected surprise comes along Logan seizes the opportunity to do what he's wanted all along...Insert swoon here. But the happiness doesn't stop there. Oh no! Logan's big, grand gesture (this is Logan of course there's one) was just what the doctor ordered to allow Cassie to face her future head on. I loved that Oliver is very present in this book. That little boy melts my heart. The tender moments with him and Cassie talking about his mom were so beautifully powerful. They perfectly encompassed the series as a whole.

Logan owns my heart

By Tabby (Tantalizing Reviews)

The Harmony Series has carved out a niche in my heart and will forever reside there. Not to mention the fact that Logan is prime book boyfriend material doesn't hurt either. When I found out that there would be another book centering around them and their all empowering love I was so excited. Infinite is a short, sweet story that leads up to an event that Harmony lovers have been waiting for. As with all of Angela's books we get, funny, sweet and sweltering moments that will keep you hanging on to every word.

You also have surprises with weddings that didn't think would take place the way they did but in the end totally perfect. Oliver

By Amber

So many emotions in this book which expected. You have Hilary and Caleb having a baby, seeing Cassandra and Logan's reaction of the baby are just priceless. You also have surprises with weddings that didn't think would take place the way they did but in the end totally perfect. Oliver is just sweet as a button and you have Logan so caring (like always) for Cassandra and trying to make her feel at ease about how wedding would be. The surprise he pulls out at the end with Cassandra just makes you want to cry. Perfect Ending! I loved this series.
