## Review

"Lustful Awakenings is a collection of four super sexy shorts focusing on the awakening of a woman's desire for domination, each in her own way.

Themes explored range from a married couple into the rough stuff mentoring another couple in the ways of restraint and pain-as-pleasure deep in the woods; a hot, eager young woman tricked into a group bang by a devilishly handsome man, a foray into bondage in a high-end club, and a rough experience between two eager best friends and a male stranger.

Ms. West brings all the steam and no nonsense. This is highly recommended as a one-hand two-finger read for those who are turned on by rough, steamy scenes;)" - Jessica Satin, author

Off for a cold shower

By Amazon Customer

The 'warning' in the preface grabbed my attention first. Just finished this spicy read. I'll never think of camping again without envisioning the insane adventures of Jenny and Carl. Carolyn has her hands full with the feral biker gang and no wonder she wants to make a repeat visit! Dena, while on vacation in New Orleans, meets the man who introduces her to a new world of pleasures. Can't miss this collection if you are into the darker side of BDSM. I was given this Advance Reader copy in exchange for an honest review.

Tales that explore risk and its relation to pleasure

By Uvi Poznansky

Four women, four ways of awakening to sexuality, skillfully described by Mallory West to explore risk its relation to pleasure, and how to play on both sides of lust: submission and domination.

The cover goes so well with the content of this book. Indeed, having your eyes blinded heightens the other senses. It expresses the playful nature of sexuality, and harkens back to the symbol of love, cupid.

Five stars.
