# LYSISTRATA (HACKETT CLASSICS) BY ARISTOPHANES PDF

This rollicking new translation of Aristophanes' comic masterpiece is rendered in blank verse for dialogue and in lyric meters and free verse for the songs. Appended commentary essays--on Athenian democracy, ancient Greek warfare, Athenian women, and Greek Comedy--offer lively and informative discussions not only of Aristophanes, but of the broader fifth-century social, political, and cultural context as well.

Solid translation

By Katty Haze

A classic, obviously! Great play, with some awesome commentary and translation. This is a preferred version for me, and I would recommend for class or personal use!

A randy look at greek history

By Michael J. Moore

Lysistrata, wife of an influential Athenian has had it with 20+ years of war with Sparta and calls on her sisters from around Greece (including Sparta) to plot to end the war once and for all. The two-pronged plan is elegant in its simplicity: take over the treasury so that no more money can be spent on war, and deny their husbands marital congress until they agree to make peace with each other. The beauty of the play (and what makes it enjoyable to the 21st century reader) is that it speaks to the most basic needs of the human condition while allowing the reader to freely translate the action to modern times. Part of the fun is envisioning the staging of this play - the battle between the women and the graybeards (a slightly distressing scene since my acquisition of an AARP card) - and the approach of the envoys for the peace talks whose obvious sexual distress assures the women of the impending success of their plan provoked an image that actually had me laughing out loud. All in all, it helps support the notion that the classics can be (and should be) fun.
