I love this manga

By Amazon Customer

I love this manga. This book goes through the beginning of Genesis to the start of the flood. It has a few pages of Bible "trivia". They are more like pages answering questions people may have about how some things could be true (like a woman coming from a man). It's so interesting to see the possible emotions behind some of these stories and what life may have looked like in between the events we read about in the Bible.
