Very much for a beginner of mindfulness, not for someone who already practices it

By Rumeur

This is an extremely basic guide to mindfulness

If you've ever gone to mindfulness classes, you'll learn & do much more than this book involves you in. It's a nice learners beginning book but if you've done a mindfulness program or gone on a retreat, this book won't tell you anything new really

Help control anxiety and stress

By Peter Martin

Mindfulness Living And Loving It: Learn How To...

Kathy Stanton

An interesting book on self-development and helps you learn to take control of your life.

Much food for thought at a basic level to find peace and release the stresses of the day.
