One of them is this *Miracles & Fate On 78 By Ari Schonbrun* that can be your partner.

Review

A gripping, inspiring first-hand account of the miracles and fate that allowed Ari Schonbrun to make it out from the 78th floor of the World Trade Center on 9/11 a story of courage, heroism, and rebirth in the wake of the greatest attack on America in the 21st century. A truly unforgettable story of hope that will force the reader to re-examine what matters most in life. --Smashwords

I just finished your book and consider it brilliant. You handle all the tough issues with aplomb and modesty while sharing important insights along the way. A lot of people can gain by reading this book. --Steve Greenblatt

What an incredible story of belief in fate and ultimately a calling. Ari's story, though heroic, spoke more to me about his journey to why g-d spared his life that day and what g-d's compassion meant to him about a higher calling. Being such a passionate man for judaism and faith Ari realizes that even spending hours daily in prayer before Sept 11 2001 he was really just going through the motions and that in the end was cheating himself of his true meaning of what role g-d and faith play in his everyday life. This is not a story about religion per se but is more about encouragement to all individuals to find their higher purpose in life and to set their priorities in order and putting family first. Bravo for reminding us all of such an important point we should all live by! --C. Schneider

About the Author

Ari Schonbrun has worked on Wall Street since 1981 and has been with Cantor Fitzgerald since 1993. He now speaks nationally and internationally about the events and the lessons from 9/11. Ari currently lives in Cedarhurst with his wife Joyce and they are the proud parents of five children.

Very Moving; Strong and Uplifting

By DeeBee

I just finished Miracles and Fate on 78. I am not afraid to say that I am acquainted with the author. I honestly did not know what to expect from the book. It was the first recounting I have read about Sept 11th so

immediately from the first few pages, I was really afraid of my emotions. I, like most, avoid reliving that day. We do not want to revisit the sadness or despair. We forget that real miracles occurred that same day. This book reminds you of that. It reminds you of what life is all about. It is a strong, uplifting, deeply moving message that bears reminding. I will recommend it to my family and fiends. Thanks for sharing this story!

Miracles & Fate on 78

By Deborah Hirschhorn

If you think you've heard it all before when it comes to September 11, 2001, you haven't. Part of this story is a gripping thriller involving real people and how they escaped the World Trade Center. In the details of that story were many points that I never knew in spite of having devoured the news at the time. But there's more. There's more in the humanity, not only demonstrated by the author himself and the countless people who helped him, but in businesses and institutions that stepped up to the plate to help families of survivors. As tragic and disturbing as it is to relive that black day, this book serves as a reminder of not only the ugly but the good that humanity is capable of.

Inspirational, unbelievable story that's a very quick (and amazing) read

By Kochava

An incredibly moving story that I hadn't heard before about 9/11. The story is unbelievable. The book is a very quick read, maybe 1-3 hours, but I would highly recommend it.

The author, an orthodox Jew, connects the events to his beliefs in an honest way that doesn't sound trite. His story helped me think about my own life and how I might have reacted under the same circumstances and whether my faith would be as strong as his.
