Review

"All in all, Music in Western Civilization is about the most fascinating general book on music I have ever read. I only wish there were more of it. 1100 pages is not a proper length for a book like that." (Virgil Thomson)

About the Author

The late Paul Henry Lang ranks among the century's most eminent musicologists. A longtime faculty member at Columbia University, he also served as editor of the Musical Quarterly and as music critic for the New York Herald Tribune.

Lang](#), like when you have to opt for book establishment.

MUSIC IN WESTERN CIVILIZATION BY P. H. LANG PDF

Lang's monumental history of music and musical culture has stood for the past half-century as the definitive work of its kind.

The scope of the book is vast, beginning with the music of ancient Greece and ending with that of the first two decades of the twentieth century. But music is not viewed in isolation. Rather, the author presents music as one of the many arts that, taken in conjunction, form the essence of the artistic spirit of an era.

A MUST

By Michael Eglin

This is the most comprehensive and engaging history of music ever written. It is a shame that the likes of Stolba and Wright & Simms are being foisted upon unsuspecting undergraduate apprentices of music history in academies all over the U.S. These "histories" are overpriced and simpleton both in their writing and scope.

Lang is a superb writer, a connoisseur of history, art, literature, politics, culture, AND music.

This work is a MUST for any serious student/lover of music and music history.

0 of 0 people found the following review helpful.

This particular copy needed repair

By Linda L. Giedl

I had to do some repair on the binding. It was coming apart. Otherwise, fine. The book is a classic -- among the best accounts of Western music ever written.

Absolutely indispensable

By A Customer

This book is a classic in every sense of the word and belongs on the bookshelf of every lover of music in the world. Essential.
