Great game

By Ben

This is a fun game that left me laughing just from reading the book. An unusual RPG that can bring out the psychopathic side to players that most games would frown upon. This different approach can be hilarious for all involved, and is highly recommended.

Great game. I have a group. WE played it. It was fun. The end! Also I need 3 more words.

A blast!

By Jesse

This is basically D&D for a more cynical and tech-oriented crowd. The best thing about it is the way the rules more or less "create themselves" as the players go along and make up stories about their characters. If you have a group of friends who can get into black humor and don't take themselves too seriously, I definitely recommend!
