## Two Little Secrets

It should be a dream come true for divorcée Eve Kelly. After a dozen years, her high school sweetheart Adam Crenshaw is back—and sexier than ever. But Eve has a problem. Two problems, to be exact. Her eleven-year-old twins. Twins their secret daddy can never know about...

Home to care for his ailing mother, the big-time country music star didn't expect to fall so hard for the small-town single mom...again. But Eve isn't the same woman he left. It's as if she's hiding something. Adam is used to getting what he wants—and he wants Eve. This time, though, instead of a fling, he just may get a family—a family he didn't know he had.

Five Stars

By Morgan

You definitely want them to get together!

Skip it. Save yourself the frustration.

By The eBook Investigator

I just don't know what to say. This is one of the strangest books I have ever read. And the names of our H/h...Adam and Eve? Really? Adam left to become a music sensation and Eve failed to show up at the bus stop to go with him. She was nothing but a coward.

Adam comes back twelve years later...and Eve has eleven-year-old twins...and a huge secret. She married a very controlling man who has ruled her and her children's lives and she has finally divorced him and he has remarried but his word is still the law...over her and the children. The children that are not his.

This was just awful. I'm not sure where this writer is from but the laws in the US are absent from this story. He has raised them but he is not the bio dad. Her former love is. But he has ordered her not to tell him and not to go near him or he will take her children away. She weakly and sickeningly kowtows to his every demand. Furthermore she is going to allow her ex to continue sharing custody after she marries the love of her life and why on earth would a mother let a man so callous and controller help raise her children? What on earth was wrong with her. They even decided the children would keep his last name instead of their real father.

I wanted to chuck Kindle and all through the window. If there is something I despise in books it is extremely weak and pathetic heroines and she takes the cake.

I, in good conscious, cannot recommend this book. It was the weirdest story I have ever read.

Great till the end

By Ashley

I really enjoyed this book up until the end. I felt like the ending was rushed. I did not care for the attitude of Eve's ex and was so glad when she finally stood up to him.
