# **THE GREAT POWERS, IMPERIALISM AND THE GERMAN PROBLEM 1865-1925 (POLICY; 56) BY JOHN LOWE PDF**

This is a lucid and well-structured text dealing with key issues in international affairs from the period of German unification to the aftermath of World War I. It:

- \* Provides excellent explanation and analysis of the central issues
- \* Clarifies a notoriously complex period of international history
- \* Updates traditional books in this field of 19th and 20th century diplomatic/international history
- \* Takes a thematic approach
- \* Leads students through the main events and reviews recent trends in historical debate and scholarship
- \* Includes an annotated bibliography

Consideration of 'the German problem' and 'the Balkan problem' have taken on a new urgency and relevance with recent developments in Europe, and this book provides an excellent introduction to the subject.

For a good understanding of the origins of WWI

By John Andrew Miller

When I studied history in college, this was the most valuable book for understanding the origins of World War I. Both comprehensive and highly readable. Daniel Headrick's "Tools of Empire" makes an excellent companion reader (Thank you, Prof. William Green, College of the Holy Cross!)
