Two unequal love stories

By A Customer

While I enjoyed The Last Valentine and would recommend it, I felt the current-day love story of Neil Jr. and the reporter (see, I can't even remember her name!) pales greatly next to the amazing WWII story. An excellent example of why love lasted in those days and does not today!

8 of 8 people found the following review helpful.

For all Cynics and Hopeless Romantics: READ THIS BOOK!!!

By A Customer

You are reading the confessions of a reformed cynic. This book has a love story in it's purest form, without all the junk that sometimes clouds things. In it you see what true Love is, and it makes you hope. These are not the ramblings of some young love-sick girl, these are the words of someone who had lost faith in real, time-honored, make-it-through-at-any-cost love....this book restored that faith. A Thank you to Mr. Pratt for a novel that touched my heart.

The Last Valentine

By Kyleigh Cowger

THE LAST VALENTINE, written by James Michael Pratt is a book of faith, hope, devotion, and most of all never-ending love. A writer Neil Thomas Jr. wants to share the amazing story of the unconditional love his parents shared. Susan Allison just happens to be looking for a love story that she believes cannot exist. The story is of Lt. Neil Thomas and his wife, Caroline. Lt. Thomas must leave his wife and unborn child for war on their first anniversary, February 14, 1944. From Union Station, he gives her a long goodbye and a promise. For fifty years, on the very day they said good bye she returns to Union Station, hoping for the promise he made. On their fifth anniversary, just two days after finding out the true story of her husbands heroic death, she receives his last valentine. The story of Neil Jr's parents gives him the hope that maybe he will be able to find a love as pure as the love his mother and father shared, and give Susan Allison the faith that there really is love that is strong enough to last through anything.

The Last Valentine was one of the best books I have ever read. At times, I would get confused when the book would continue changing from the past to the present and back to the past, I was unsure of what time era I was reading about. However, I really enjoyed how James Michael Pratt, the author, set up the reading of his book. Even though it could be confusing it allowed for me to understand the whole story. The book allowed for romance and the action of war to keep the story going and it allowed for me to feel and imagine what was happening during the whole book. I would recommend this book for people who don't mind emotional books, and who enjoy reading about romance continuing to last through the burden of World War

II.
