Winning what you want may cost you everything you love...

As a general's daughter in a vast empire that revels in war and enslaves those it conquers, seventeen-year-old Kestrel has two choices: she can join the military or get married. But Kestrel has other intentions. One day, she is startled to find a kindred spirit in a young slave up for auction. Arin's eyes seem to defy everything and everyone. Following her instinct, Kestrel buys him—with unexpected consequences. It's not long before she has to hide her growing love for Arin. But he, too, has a secret, and Kestrel quickly learns that the price she paid for a fellow human is much higher than she ever could have imagined.

Set in a richly imagined new world, The Winner's Curse is a story of deadly games where everything is at stake, and the gamble is whether you will keep your head or lose your heart.

Brilliant Start To A New Series!

By Jen | Jenuine Cupcakes

4.5 Stars. (Full Book Review)

Don't let the gorgeous cover or the summary fool you, The Winner's Curse is no light, swoony romance. It's a beautifully written, brilliantly crafted high fantasy story of love, betrayal, politics, and the fight for Independence. The romance between Kestrel and Arin is a slow burn, one that is both heart racing and frustrating. Plot twists and constant strategizing keep the story moving and it all leads up to an ending that left me clutching my heart and eager to read the next installment!

I just wish I didn't have to wait so long for it!

Such a GREAT read!

By Bella (PBC)

OH OH I loved this book it was just wow! This is another one of these books that just knock me back and I don't know how to write the review. It was just so compelling and hook worthy you will have to read it to see. I am going to do my best to tell you how I felt!

Being the general daughter and brought up learning to fight and hopefully join the military to help her world keep the people in order or get married, Kestrel has very different plans. After attending an event where slaves are sold she encounters a boy whose eyes she can't look away from.

Yet after she buys, Arin she is taking to him, the way he makes her feel. The fact that he does not seem to be like any other slave she has and she begins to put trust in him and tell him secrets she might find out will hurt her in time.

Well this is going to be hard, with out giving away too much because there are so many twist and turns in this one you will not want to stop reading. You will get to a point where you feel like you are INSIDE the story watching and you cant step out. Take the journey with Kestrel to find out what Arin is hiding and if she can over come the life she is made to love.

That's all you get form me I can tell to much there are too many things I think will give this one away if I say it. So I promise you will love this, if you like adventure with a little something different maybe a few secrets around the corner this one is for you!! I sure hope I get to read book 2 early I need it!! Thanks Rutkoski for this read!!

Short and to the point, Can't wait to finish the book!

By Kindle Customer

Can't wait to read the other chapters in the book it was wonderful and I am chomping at the bit to get the full book. Just from the first five chapters in the book I am hooked! I love that the heroine is so independent and just wants to do her thing on her own time and not have to have an escort everywhere she goes. While she is at the market with her friend Jess, Kestrel ends up with a new slave but where is she going to put him to work? As a blacksmith? Who knows what she will do, she certainly doesn't.
