TYPOSHIRT ONE BY MAGMA BRAND DESIGN PDF

TypoShirt One is about typography on T-shirts. It is definitely not the first publication that deals with the topic of "T-shirts", but it's the first one that focuses exclusively on the typography phenomenon in T-shirt culture. Only shirt motifs created explicitly with typographic means shall be presented in this publication. You can't find so many examples of extremely expressive and fascinating claims, statements, type-images and "mobile posters" on any other piece of clothing. The transmitted messages gain a non-reversible strength and power through the motifs that are reduced to their substance, related to the form and content.

Awesome!

By Conure fan

I loved this book. Good variety of styles represented. Says the name of the designer and their country code for each shirt. Clearly whoever put this work together understands art and isn't just some t-shirt hobbyist.
